AND INTERFERENCES

Ex parte J. YONG RYU

Application No. 09/977,666

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on August 27, 2004. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below:

In accordance with the revision effective December 1, 1997, Title 37, Code of Federal Regulations, § 1.193 stated:

(b)(1) ... The primary examiner must be either acknowledge receipt and entry of the reply brief or withdraw the final rejection and reopen prosecution to respond to the reply brief.

This rule is now revised as 37 CFR § 41.43.

However, in the instant application, the examiner on August 24 2004 improperly responded to the Reply Brief filed June 7, 2004. The Examiner, in order to rectify this improper response, has one of two choices: 1) vacate the improper response and file an appropriate response or 2) reopen prosecution.

Accordingly, it is

ORDERED that the application is returned to the Examiner to either reopen prosecution or to vacate the improper Response to the Reply Brief in favor of a proper response to the Reply Brief, and for such further action as may be appropriate.
